

SURVIVR[®] Virtual Reality Training System

Bringing the power of proven experience, immersive scenarios, and realistic weapons to a 360° virtual training environment.

InVeris Training Solutions' SURVIVR is an advanced training solution that uses virtual reality (VR) for critical, real-world preparation for de-escalation of force situations. SURVIVR provides law enforcement agencies, private security firms, and military security forces cutting-edge VR technology to rapidly improve trainees' communication skills, decision-making ability, adherence to policies and procedures, and situational awareness.

Utilizing top-of-the-line VR headsets with impressive 360-degree capabilities and weapons tracking, officers train in fully immersive environments that put them in the action. The ability to perform any scenario and interact with a variety of environments and characters is enhanced with SURVIVR. Additionally, the system is available 24/7 to give trainees as many training repetitions as they need, and then more.

Depending on the trainee's actions, the instructor can dynamically escalate or de-escalate the scenario, and review their decision-making skills from any angle during after action review.

These dynamic training environments and endless branching options increase the trainee's psychological immersion and focus when dealing with the situation at hand. This leads to significantly stronger knowledge retention, so that officers can respond.

Fully adjustable environments allow instructors to create highly realistic and infinitely dynamic training scenarios.

Major Features

- Up to 3 simultaneous trainees for cooperative training in a safe environment.
- Up to 12 simultaneous weapons/tools per system configuration. Highly realistic weapon material, weight, and feel.
- Scalable footprint from 10' X 10' to 35' X 35'.
- Expanded suspect verbiage and actions to support various conversations and officer commands.
- Over 180 suspect and bystander avatars, with variations in gender, ethnicity, and clothing.
- Over 40 high-quality environments with adjustable weather, time of day, and trainee/suspect/bystander starting locations.
- Over 120 drag-and-drop props (e.g. contraband, weapons).
- Rich after action reviews with multiple viewpoints and metrics such as shot trajectory.
- Nuisance generator to create realistic background noises and visuals (e.g. barking dog, shots fired, yelling).
- Easily create, edit, and save custom scenarios.
- Practice shooting range for trainees to practice weapon deployment on targets and training dummies.
- Haptic feedback vest* allows trainees to feel physical sensations when hit by force during a training scenario.
- Heart rate monitor* tracks trainee spikes during scenarios.

Environments

SURVIVR constantly releases new environments to adapt to evolving needs. Instructors can easily build customized scenarios using any environment to train based on their policies and procedures. These scenarios can then be conveniently saved to the library for future use. Currently available environments include, but are not limited to:

- Alleyway
- Apartment
- Bank
- Bar
- Church
- Gas Station
- Grocery Store
- High School
- Hospital
- Jail Facility
- Military Barracks
- Military Gate
- Military Visitors Center
- Motel
- Park & Playground
- Parking Lot
- Pawn Shop
- Residential House, Backyard, & Garage
- Rooftop
- Security Entrance
- Street
- Underpass
- University Emergency Room

**Optional accessories, sold separately.*

inveristraining.com DSV5/02/23

Top-down interface allows instructors to visualize entire environments and easily control suspect, bystander, and hostage actions.

SURVIVR is highly interactable and allows trainees use their hands for actions from opening doors to handcuffing suspects.

Weapons supported

Handguns

- Glock 17, 19
- Sig Sauer P320
- S&W M&P 9, 40
- SIG M18
- Beretta Px4

Rifles

- AR15 / M4
- Remington (lethal or less lethal)

Others

- MK-3 OC Spray
- Stinger LED Flashlight
- Expandable baton
- 40mm Less Lethal Launcher

Tasers

- X26P
- X2
- 7
